

REMARKS**I. INTRODUCTION**

In response to the Office Action dated November 2, 2005, claims 4 and 15 have been canceled without prejudice or waiver, and claims 1, 5-12, and 16-23 have been amended. Claims 1-3, 5-14, and 15-23 remain in the application. Entry of these amendments, and re-consideration of the application, as amended, is requested.

II. CLAIM AMENDMENTS

Applicant's attorney has made amendments to the claims as indicated above. These amendments were made solely for the purpose of clarifying the language of the claims, and were not required for patentability or to distinguish the claims over the prior art.

III. PRIOR ART REJECTIONS

In paragraphs (1)-(2) of the Office Action, claims 1-3, 12-14, and 23-26 were rejected under 35 U.S.C. §103(a) as being unpatentable over Kelly et al., U.S. Patent No. 6,650,869 (Kelly) in view of Okunishi et al., U.S. Publication No. 2001/0048672 (Okunishi).

Applicant respectfully traverses these rejections.

Neither of the references show a terrestrial receiver and a satellite receiver. The references show satellite receivers, but not terrestrial receivers to operate the data reception device. However, the applicant has amended the independent claims to include the patentable subject matter of claims 4 and 15, which renders both the rejections and any argument thereon moot.

Claims 5-11 and 16-22 were amended merely to provide proper claim dependency. The Applicant respectfully submits that the scope of claims 6-10 and 16-21 have not been changed since the original filing of the application.

IV. CONCLUSION

In view of the above, it is submitted that this application is now in good order for allowance and such allowance is respectfully solicited. Should the Examiner believe minor matters still remain that can be resolved in a telephone interview, the Examiner is urged to call Applicant's undersigned attorney.

Respectfully submitted,

GATES & COOPER LLP
